Subject: RE: Follow up to voicemail in regards to reprogramming funds from Removal to Removal Support funds

Laura/David – I took a shot at a justification. Please revise as necessary and send to Mandi if you concur. Thanks!

Hi Mandi-

We'd like to request a reprogram of 570k from our removal budget (RV) to our removal support budget (RS) for the following reasons:

-350k will be used as available emergency funding in the ERRS contract, which supports response and time critical removals for the program. The program has very low RS balances in contrast to RV, therefore requiring a re program to avoid vulnerability in our response capability.

-220k will be utilized for a time critical removal at the Gold King Mine site where seeping contaminated water and sediment is of concern from a mine that has not been maintained for decades and has a collapsed adit.

Subject: Follow up to voicemail in regards to reprogramming funds from Removal to Removal Support funds

Hi Joni I received your voicemail and I think what I will need is an email with specifics on the amount you would like to have reprogrammed and also a justification on what it will be used for.

Send this to me and I will edit if necessary and send to Budget for processing. I believe it should take about a week to get the reprogramming completed.

Let me know if you have any other questions.

Thanks

Mandi F. Rodriguez
